PATENT

REMARKS

Reconsideration of the present application is respectfully requested. Claims 1 to 7, 9 to 14, and 16 to 19 are pending. Claim 1 is herein amended in response to the Office Communication dated January 20, 2006. Claim 15 is canceled.

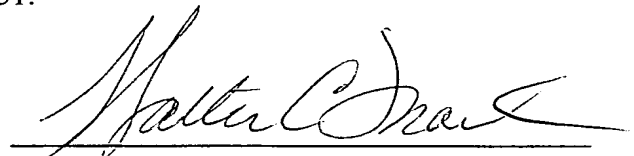

Claim 1 has been amended to clearly distinguish that the (c) component is other than the oleochemical polyol (a) component. The component was separately listed in the claims and specification. It is clear that the oleochemical polyol and component (c) are different components in a multi-component mixture, but the amendment is added in order to facilitate prosecution.

Claim 15 has been canceled without prejudice to further facilitate prosecution.

Applicants believe that the foregoing constitutes a complete and full response to the Communication of record. Accordingly, an early and favorable Action is requested respectfully.

If the Examiner wishes to discuss the claims or has questions, the Examiner is invited to contact the undersigned attorney at (215) 557-5951.
